**NEW PROPOSAL JUSTIFICATION:**  
This is a grant agreement between CCH and the U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office for Civil Rights (OCR). CCH was awarded funding under the FY 19 Justice and Mental Health Collaboration Program.

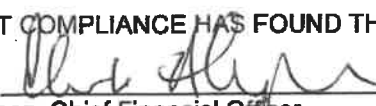

CCH obtained an award to expand efforts to reduce the cycle of incarceration for individuals with mental illness or substance use disorder in Cook County for the Justice and Mental Health Collaborative. CCH is partnering with multiple stakeholders for this effort; the Cook County Office of the Chief Judge, the State's Attorney's Office, the Public Defender's Office and community partners; Bobby E. Wright Behavioral Health and Human Resources Development Institute (HRDI). CCH and partners propose an evaluation and strategic expansion of the misdemeanor diversion court program to other branch courts, thereby safely diverting more people with mental health and Co-occurring Mental Illness and Substance Abuse (CMISA) from unnecessary incarceration and enhancing linkage to services at these critical intercepts.

The stakeholders will be utilizing internal and external resources for data analysis and evaluation. The Office of the Chief Judge (OCJ) will hire a data analyst to help coordinate data from the criminal justice system.

This project will aim to make policy and practice changes that scale impact and measure outcomes to make room for broader changes in prosecution of misdemeanors with Mental Illness and CMISA.

CCH and The Chicago Children's Advocacy Center were awarded a grant to form the Collaboration of Helpers Lowering Deaths of Children (Project C.H.I.L.D). Project C.H.I.L.D. aims to reduce the incidence of child maltreatment in three counties in Illinois, Cook, Peoria, and Vermillion, by; (1) Convening a multidisciplinary team of stakeholders to form a collaborative whose mission is to identify the needs and challenges of families, maximize their strengths, and provide assistance when necessary; (2) Creating a regional unit-based multidisciplinary team to investigate severe child abuse cases, including physical abuse and neglect of children younger than three (3) years old; and (3) Broadening the unit-based multidisciplinary team in a downstate area lacking a Child Advocacy Center to include telemedicine for this area, to ensure access to medical review, intervention, and oversight in severe child abuse investigations. <b>PRIOR CONTRACT HISTORY:</b> Contract H19-25-044 was approved by the CCH Board of Directors on 05/31/2019 in the amount of \$155,000 for a twelve (12) month period from 01/01/2019 through 12/31/2019.			
<b>NEW PROPOSAL JUSTIFICATION:</b>  In 2017, The CCH was awarded a grant to develop and implement a Medical Legal Partnership (MLP) using an attorney from Legal Aid Foundation for CCH patients experiencing health harming legal needs. The project was embedded in the CCH care coordination department and included a warm-hand off referral process, on-site hours at CCH and the ability to travel to settings for patients unable to come in to meet with the attorney. First year experience focused on obtaining previously denied public benefits, end-of life planning (e.g. guardianship, wills, etc.) and disability. During year two (2) another grant provided a paralegal to support the disability process for those who had been denied. In year two (2) we also added another attorney as the max case load was reached. During year three, 2020, we will continue with present staffing, 1.6 attorneys and a paralegal for disability. While serving the patients, CCH has also benefited (e.g. we have been able to secure payments for protracted hospitalization for previously denied Medicaid benefits). For the patients, the funds achieved through disability appeal support housing stability, which also can reduce health care utilization.			
This request is sole source because this agency is known for its' work with marginalized populations and the effectiveness of their interventions as indicated by their success rate at obtaining services and support for our patients.
